

Cruise Information & Instructions.

Retain this. If you have any questions call Kirk Greiner (206)999-1711

Cell Phone use in Canada

I only checked Verizon Wireless – The fee is \$2 a day only on days you use it. Your current data plan stays in effect. Many cell phones can act as hotspots so when you are within coverage of a cell phone tower it can link your laptop to the internet. However you will be using your phone data allowance while using your phone as a hotspot.

Shipboard Wi-Fi

You can buy unlimited wi-fi on board for one device for \$83.93 and for two devices for \$153.63

Meeting room.

I will try to set up a meeting room for an hour or two each day before dinner with liquor, wine or beer available. We now have 14 couples coming.

Dining

There are several dining rooms included in your ticket. There are also a number which are not [LINK](#). You have to pay at these. I will try to get reservations in the expensive Chef's Table on a day we are at sea between 5 and 6:30 PM. I will make the reservations for 30 and reduce them later for those who don't want to go. If I can't get them there, I will get reservations in the Chops Grill, a less expensive beef and seafood restaurant.

Dining at no cost is available at many restaurants. [LINK](#)

I will try to set dinner at the Main Dining Room on four nights. There is no cost. It is included in your ticket

The remaining nights will be yours to select your own choice restaurant.

Shore tours

There are 56 different tours to choose from during the voyage. [LINK](#)

Reservations should be made early as some will fill up. I am open to suggestions. I favor bus tours since some of us have difficulty in walking tours and we cannot forecast rain possibilities. Please help me out and fill in the attached questionnaire. Once I get feedback, I will share on the choices received to all members and you can make your own reservation to join the crowd or to go your own way. I want your input by March 8th when I will share the results. Please choose at least one for each port. The listings

have a link to TripAdvisor which grades each tour although in some cases the tour name may be different.

Crown & Anchor Numbers

Passengers who have traveled before on Royal Caribbean ships are entitled to special services [LINK](#). Those who have travelled on Royal Caribbean ships before can obtain their number by calling (800)526-9723. They only need their legal name as shown on their passport and their date of birth. The following people's numbers have been enrolled for this voyage: Kirk Greiner, Jackie Cyphers Greiner, William Spruston, Janice Williams & Roger Madson. Please send your numbers to me for enrollment for this voyage.

Final Payment.

Your final payment is due before 3 July 2007. You may make it any time before 3 July by calling (858) 622-2904 ext #1.

They will ask for your phone number. Tell them you are making payment for a Reservation number xxxxxxx [found at the top of your Booking Confirmation Sheet]. Give them your credit card number to charge it to and tell them the amount you are paying. Make sure you have notified your credit card company of the forthcoming charge or they may bounce your payment. Also make sure your card will cover the amount you are charging. You will get a rebate through me \$30 days after the cruise starts.

Tickets

First, gather the following information for all the guests you're checking in:

- ✓ Ship, sailing date and Royal Caribbean reservation number
- ✓ Passport or appropriate proof of citizenship and identification
- ✓ Home address
- ✓ Emergency contact name with phone number
- ✓ Travel plans before and after your cruise
- ✓ Credit card for the Onboard Expense Account

Once you are booked [done] and are fully paid [see above], go to this [LINK](#), [https://www.royalcaribbean.com/] choose ALREADY BOOKED, then ONLINE CHECK-IN.

There is a form to fill in. Once you have completed it, you will be given a link to print your tickets.

TIP: For security purposes, the system will time out after 30 minutes even though there is activity, so make sure you have everything listed above before you begin.

Choose Your Shore Tours

Please check the tours you are interested in below & email the questionnaire back to kirk.greiner@gmail.com or mail [PO Box 980, Edmonds, WA 98020] prior to March 8th. Additional information for each choice is at [LINK](#). Trip advisor links are shown so you can compare their rating. This does not commit you yet. I will be back to you with the result of this questionnaire first.
